Summary

Results-driven Web Developer with 1+ year of hands-on experience building and deploying responsive, high-performance web applications using HTML5, CSS3, JavaScript, React.js, Node.js, and SQL. Proficient in front-end and back-end development, third-party API integration, CRM integration, and web performance optimization. Seeking a Software Development Engineer (SDE) role to contribute to scalable, user-centric products at a high-growth technology organization.

Technical Skills

- **Languages:** JavaScript (ES6+), Python, HTML5, CSS3, SQL, PHP
- **Frameworks & Libraries:** React.js, Node.js, jQuery, Bootstrap
- **Tools & Platforms:** Git, WordPress, Semrush, W3C Validator, Google PageSpeed Insights, reCAPTCHA API
- **Concepts:** Responsive Web Design, RESTful API Integration, CRM Integration, Web Performance Optimization, Cross-Browser Compatibility, Form Validation
- **Databases:** MySQL, SQL

Experience

Web Developer *Jan 2024 – Present*

G-Rank Digital Service Pvt. Ltd. *Hyderabad, India*

- Developed and deployed **10+ responsive web applications** using HTML5, CSS3, JavaScript, jQuery, and Bootstrap, ensuring cross-browser compatibility and mobile-first design.
- Integrated **Google reCAPTCHA** and dynamic **QR Code generation** into client web portals, improving form security and user engagement.
- Implemented **PHP-based mail integration** for automated brochure delivery and contact form submissions, reducing manual follow-up effort by streamlining lead capture workflows.
- Performed **CRM integration** connecting web front-ends to back-end customer management systems, improving data pipeline efficiency for sales teams.
- Conducted **web performance audits** using W3C Validator, Google PageSpeed Insights, and Semrush; resolved critical issues that improved page load scores and SEO rankings.
- Led **website revamp projects** — redesigned UI/UX layouts, refactored legacy code, and migrated content, resulting in improved user retention and visual consistency.
- Managed **WordPress R&D and maintenance** tasks including plugin updates, theme customization, and content deployment for multiple client websites.

Projects

Responsive Multi-Page Business Website *2024*

- Built a fully responsive multi-page website for a client using HTML5, CSS3, Bootstrap, and JavaScript; integrated contact forms with PHP mailer and Google reCAPTCHA for spam prevention.
- Optimized asset loading and image compression, achieving a **PageSpeed score improvement of 30%**.

CRM-Integrated Lead Capture Portal *2024*

- Designed and developed a lead capture portal that pushed form data directly into a CRM system via REST API, automating the sales pipeline and eliminating manual data entry.
- Implemented real-time form validation using JavaScript and secured submissions with server-side PHP validation.

Education

Bachelor of Technology (B.Tech), Mechanical Engineering *2019 – 2023*

Rajiv Gandhi University of Knowledge Technologies (RGUKT IIIT Basar) *Nirmal, Telangana*

- CGPA: **7.6 / 10**

Pre-University Course (MPC – 12th Grade) *2017 – 2019*
Rajiv Gandhi University of Knowledge Technologies (RGUKT IIIT Basar) *Nirmal, Telangana*
- CGPA: **7.55 / 10**

Secondary School Certificate (10th Grade) *2017*
Alphores High School *Gopalraopet, Telangana*
- CGPA: **10.0 / 10**

Certifications

- **Web Development (6 Months, Ongoing)** – G-Rank Digital Service Pvt. Ltd., Hyderabad
- **Python Programming** – NxtWave Disruptive Technologies
- **Front-End Web Development** – NxtWave Disruptive Technologies

Activities & Leadership

- **Technical Volunteer** – Abhiyanth Tech Fest, RGUKT IIIT Basar; assisted in organizing and coordinating technical events for 500+ participants.
